Assignment 3: Python Assignment: Online Store Management System
Compilation Instructions

Python Version: **Python 3.13.0**

Operating System: **macOS using Python 3**

To Compile the Code:

Make sure you are in the correct 'online_store_managment_system' directory

To run the code, use the command:

'python3 Main.py'

You could also use:

'python Main.py'

Depending on how you have python installed on your computer
